DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, WEDNESDAY, MAR. 8, 1911 NO. 232.

BOARD OF REGENTS

WILL MEET NEXT WEEK IN ST. JOSEPH.

MATTERS OF BUSINESS

First Meeting to Be Attended by W. A. Blagg and J. B. O'Brien, the Two New Members.

A meeting of the board of regents of the Northwest Normal will probably be held in St. Joseph next week at the Robidoux hotel. The day of the meeting hasn't yet been definitely decided, but it will be held some time that week. The two new appointments made by Governor Hadley and confirmed by the state senate Tuesday afternoon—W. A. Blagg of this city and J. B. O'Brien of St. Joseph—will attend, and this will be their first meeting.

One matter that will be taken up by the board will be the Marshall contract for finishing the new building. Marshall stated some time ago that he would resume work on the building, but up to this time he hasn't turned a hand. It is thought that probably Marshall will commence work after the Normal appropriation bill has passed both senate and house.

The election of officers of the board will be held, and W. A. Blagg will be the president of the board by virtue of his residence in this city.

Probably a manual training teacher will be selected by the board at this meeting to commence work at the summer term of the school.

Other matters of business will be of routine nature.

WILL HOLD AN INSPECTION OF COMPANY F

Captain John Heavy of the Eleventh U. S. infantry, Fort D. A. Russell, Wyo., will hold an inspection of Company F of Maryville, in this city March 16 and 17, according to a letter received by Captain Cook Wednesday morning.

If this game should result in a Normal victory the local season will close with the Saturday night game between the Normal and Platt's Commercial college of St. Joseph.

The Pirates-Normal contest will be a good one, as the Pirates will be stronger for Thursday's fray than in the last game.

THE COST OF LIVING

REDUCED TO A SCIENTIFIC BASIS BY DOMESTIC SCIENCE.

DR. TAYLOR WRITES OF IT

And Tells How It Was Conducted By the Department of the Normal.

President Taylor of the Normal school writes as follows of the experiment made by the domestic science department of the school for the last five days:

"For five days an experiment has been carried on under the direction of Miss Hettie Anthony, head of the home economics department, for the purpose of ascertaining the actual cost of furnishing dinner lunch in the Normal school.

"Miss Anthony's report, which is given below, will show conclusively that the home economics department does not deal simply in theory, but puts into practical demonstration things which will be of great value to the house keeper, and at the same time lighten the burden upon the pocketbood of the one who supplies the commissary.

"Beginning with the summer term, it is the intention to furnish the dinner lunch to all who wish it, and possibly the other two meals of the day. This will be of great advantage not only to students, but to the housekeepers, in that it will enable them to use all available rooms for rooming purposes, which will be more profitable to those who keep boarders, and at the same time it will increase the rooming accommodations.

"Miss Anthony and the students who have assisted her in the home economics department, deserve great credit for the success of this experiment, and I take great pleasure in publishing the result of the five days' trial for the information of all interested and for the satisfaction of those who would be skeptical without the exact data."

The following is the report of Miss Anthony to Mr. Taylor:

President Taylor: The following report shows the result of an experiment carried on in the home economics laboratory, covering a period of five days.

The object of said experiment was to prove it possible to serve five midday lunches well balanced and attractively served. The report shows it was actually done for 6c per capita per day, with materials left over. Leftover materials are also given in the report. We believe, if carried out on a large scale, it can be done for even less, as materials purchased in quantity may be obtained cheaper. The report does not include fuel nor labor.

Respectfully submitted,
HETTIE MARGARET ANTHONY.

The menu for each day was printed in Monday's issue of The Democrat-Forum and show that the meal was served a day at 5½ cents for each person for each lunch.

The actual number served during the five days is as follows: Wednesday 14, Thursday 16, Friday 16, Monday 17, Tuesday 16; total number 79.

A son was born to Dr. and Mrs. McMillan last Sunday morning, and, of course, the doctor is happy.

Bronson Jobe has been seriously ill at his father's home, one mile northeast of town, as a result of measles, resulting in pneumonia. At this writing he seems to be a little better.

Mr. and Mrs. Fay Campbell have been in the neighborhood of Graham visiting for two weeks, but are home again now.

The ladies of the Platte Valley church recently realized $107 from a quilt which they made and sold. They are feeling pretty good over their work.

Mr. Hunt of Forest City was in the community visiting friends and relatives the first of the week.

Mr. Butts of Hopkins has rented the Caywood farm for the coming year, and with his family will move to it immediately.

Mrs. Mabel Roach was in Des Moines, Ia., for a visit over Sunday with her husband, S. A. Roach, who is there in Highland Park college taking a course in pharmacy.

Lats Saturday night was a red letter day for the local Masonic fraternity of this town. There were two candidates for work in the third degree, and hence many visitors from the surrounding towns. About twenty came from Maryville and a number from St. Joseph and Bolckow. The Maryville boys had charge of one candidate and the St. Joseph boys the other. The work was all highly satisfactory and profitable to all present. Supper was served at the Silvers restaurant.

John Caywood and his son of Corning, Ia., came down Monday evening to attend the sale on Tuesday at his father's farm.

Edgar Rhodes is no longer a citizen of Barnard, having loaded his goods and moved to Arkoe last Monday. Edgar and Mrs. Rhodes are choice folks and we were sorry to see them go.

A. L. Strader, a merchant of Arkoe, was in Barnard on business between trains recently.

W. B. Wickard has secured a position at Island City, near King City, Mo., and will move this week to that community.

William Goforth sawed wood for F. A. McKee last week. Mr. McKee now has his year's fuel ready for the stove.

Mrs. Somers of Bolckow visited on Monday of this week with friends and relatives in town.

George Lowry, a brother of Prof. Lowry, is here from Warrensburg, visiting the latter. Prof. and Mrs. Lowry entertained in his honor Monday night.

Owing to the services in the Methodist Episcopal church, South, this week, which will continue over next Sunday, there will be no evening services at the M. E. church next Sunday night.

The gentle, docile lamb that she was in the beginning, March turned to a roaring lion in the shape of a severe thunder storm, the first of the season, last Monday night, when about an inch of water fell, thoroughly soaking the ground and removing what little frost that was left.

The Caywood sale was well attended last Tuesday and things sold well. One span of 2-year-old mules sold for $365.

Frank Caywood and his family will leave this week for their new Kansas home. The good wishes of the entire community will accompany them.

Mr. Lynch Improving.

Daniel Lynch, who has been very sick from pneumonia at his home on South Market street, is improving.

SPECIAL TRAIN HERE

STOPPED IN MARYVILLE FORTY-FIVE MINUTES.

BURLINGTON OFFICIALS

Were Also on the Train—Lectures By State University Agricultural Men.

The "agricultural special" was met at the Burlington station Wednesday by a crowd estimated at 800, and from 1 o'clock to 1:45 was entertained with instructive speeches and interesting exhibits from the state agricultural college. The crowd was very gratifying to officials in charge of the train. Owing to the fact that the hour was an inconvenient one for most people, and to the further fact that another date had been advertised for a similar train, it was feared that the meeting here would not be a success.

The train is doing excellent work in helping to promote advanced methods in farming and stock and fruit raising. The train consisted of six cars, including a diner and two sleepers, and the expense is borne entirely by the Burlington railroad. The expense of operating the train, feeding and bedding the men carried with the train, is said to be $200 per day. A number of prominent Burlington officials were with the train, including W. A. Lalor, assistant general passenger agent, of St. Louis; W. Gray, general freight agent, of Kansas City; W. H. Hill, assistant general freight agent, of Kansas City; A. S. West, assistant general freight agent, of St. Joseph; J. D. Baker, district passenger agent; J. H. Gregory, freight agent, and J. R. McKillip, live stock agent, of St. Joseph.

The lecturers from the Missouri agricultural college were W. L. Howard, who lectured on horticulture; H. O. Allison, animal husbandry; D. H. Drane, farm management; F. H. Demartee, farm crops; H. E. McNatt, dairy husbandry; R. H. Emberson, rural education; S. M. Jordon, corn and cow peas.

Among the exhibits of especial interest was Princess Josephine, the famous dairy cow who has established a record as the greatest milker in Missouri, and the second greatest in the world. She is a pretty Holstein, with predominating white and some black about the head and hips. She is kindly disposed and has all the usual features of a good milk cow. Her record is 110 pounds or 13 gallons of milk in one day, and an average of 9 gallons per day for one year. She is 8 years old and weighs 1,450 pounds.

An ideal specimen of the beef steer was presented in "Proud Robert," a Polled Angus that took the first prize at the Missouri state fair and the fourth in the international stock show at Chicago. Some handsome sheep were also on the train.

Pure seed corn and cow peas adapted to this section are carried on the train and sold to those who desire them.

The train left St. Joseph yesterday morning and visited King City, Albany, Grant City, Bethany, Hopkins and Maryville, and will continue the tour of Northwest Missouri over the Burlington lines the balance of this week. Unusually large crowds have met the train on this trip. The crowd at Albany was estimated at 2,000, and that at Bethany at 1,000. From here they went to Barnard, Arkoe and Savannah.

PENS AN ANTHEM FOR NEVADA.

Reno, Nev.—A hotel manager has hit upon this stirring—even audacious—perversion of the national hymn, "America," on a circular advertising his hotel:

Nevada, 'tis of thee
Sweet state of liberty,
Of thee I sing.
State where our fathers flee;
State that sets mothers free—
Marriage, because of thee,
Hath lost its sting.

My state that holds the key
That sets the shackled free,
I love thy name.
I love thy lawyers' ways,
Thy dazzling divorcees,
The briefness of their stays—
Their little game.

Reno, it is to thee,
Daughter of Liberty,
To thee we flee.
Long may thy streets resound
With freedom's joyful sound;
Scatter thy light around
From sea to sea.

PEERY CAN'T BE ON THURSDAY FOR COURT

Judge J. Woodson Peery of Albany, who was to be in Maryville on Thursday to sit as special judge in several cases, will be unable to come at that time, and has written that he will try these cases on March 16. So not much court will be held on Thursday except the taking up of the rest of the indictments returned by the grand jury by Judge Ellison.

SLOT MACHINES ORDERED OUT COUNTY

Prosecuting Attorney George Pat Wright sent out letters Tuesday to the merchants over the county who were running slot machines in connection with their stores, calling attention to the statute governing the devices. Mr. Wright also sent letters to the merchants in Maryville who were operating the machines, ordering them not to run them. Mayor Robey notified the owners of the machines in Maryville that they would have to stop, and all of them were willing after finding out that it was a violation of the law.

A part of the letter of Mr. Wright to the merchants in the city and over the county in regard to the matter is as follows:

"I feel sure that those who operate these slot machines do so without any intention of willfully violating the criminal statute. The statute governing these machines is broad and plain, and I think the operation of the machine is clearly a violation of the statute. Believing this to be true, I do not conceive it to be my duty to unnecessarily involve good citizens in criminal litigation because of a technical violation of a criminal statute.

"This being my view of the law, and having received many complaints from different parts of the county relative to the operation of these seeming harmless machines, and not desiring to embarrass our good citizens by compelling them to become defendants in criminal prosecution, and with a view of doing my duty under the law, I am compelled to ask the discontinuance of these machines after 12 o'clock, midnight, Thursday, March 9th, 1911.

"However much I would regret to do so, upon complaint made I will be compelled to institute criminal proceedings for the operation of these machines after that date."

Even talk has ceased to be cheap any more. In the congress just closed there were over six and a half million words spoken at a cost of 57 cents per word to the nation.

Governor Hadley has sent a special message to the legislature asking for more revenue. A Republican administration must have revenue and plenty of it.

If it had been Senator Lorimer who sent his resignation to the governor of Illinois instead of Senator Bailey sending his to the governor of Texas, something different would have happened.

Now is a good time to inaugurate a contest for the best kept lawns in Maryville. There will perhaps be no prizes offered, but if every resident will make an effort to clean up, beautify and make his premises look a little better than his neighbors the results will be well worth the effort.

All over Illinois the good people are calling upon Mr. Lorimer and Mr. Cullom to resign their seats in the United States senate, but the yells of the "Hinkey Dinks" in Chicago make it impossible for Lorimer to hear.

The president has ordered 20,000 United States soldiers and a few warships to the Mexican border to preserve peace and neutrality. Twenty thousand goon men ought to be able to whip the whole Mexican republic.

Secretary Ballinger, who has been a source of embarrassment to the Taft administration ever since he assumed charge of the interior department, has resigned, alleging ill health. The president declares he has been a much maligned man, and gives him a clean bill of health, but appoints a conservationist and progressive Republican in his place. This, however, doesn't quite end the chapter. Mr. Pinchot, who got the secretary's scalp, is still after that of the president.

Mrs. Mary Griffith of Savannah is visiting her sister, Mrs. A. T. Clark, of the Ream hotel. Mrs. Griffith arrived Tuesday evening from Creston, Ia., where she had been visiting her daughter, Mrs. Elmer Anderson.

Twentieth Century Club.

The Shakespeare division of the Twentieth Century club held one of the best sessions in its history Tuesday afternoon with Miss Clara Sturm, daughter of Mr. and Mrs. N. Sturm. A comparative study of "Romeo and Juliet" and Browning's "A Blot on the 'Scutcheon" was commenced, as was decided upon at the last meeting of the club, on February 7, and if Tuesday's study is a criterion for the future, the Shakespeareans have interesting and instructive days ahead that will not have been equalled in the past. Miss Emma Lee Taylor opened the study by giving the time, scene and motive of "Romeo and Juliet" and "A Blot on the 'Scutcheon." Mrs. George P. Bellows compared act 1 of "A Blot on the 'Scutcheon" with act 1 and 2 of "Romeo and Juliet." Miss Alma Nash compared act 2 of "A Blot on the 'Scutcheon" with scene 2 of act 3 of "Romeo and Juliet." Mrs. E. G. Orear conducted a word drill at the close of the study hour. Mrs. D. J. Thomas was critic. There were two visitors at the meeting, Mrs. W. A. Rickenbrode, president of the general club, and Mrs. B. F. Craig of Kentucky. In response to a request of the club, Mrs. Craig spoke appreciatingly of the afternoon study and said she had been a reader and student of Shakespeare since young womanhood, and was an admirer of the women of his plays.

The next meeting of the Shakespeareans will be held with Mrs. Edward G. Orear, Tuesday, April 4. At that meeting Mrs. Berney Harris will present a comparison of act 3 of "A Blot on the 'Scutcheon" with scenes 3 and 4 in act 4 of "Romeo and Juliet," also act 5. Mrs. Ferdinand Townsend will compare the interviews between Capulet and Paris and Lord Merton and Tresham. In the character study of Lord Merton and Romeo by the club, Mrs. S. R. Beech will lead. The word drill will be conducted by Mrs. W. C. Pierce.

FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE 7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of us know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

BALLINGER IS OUT OF OFFICE

President Accepts Resignation of Secretary of Interior.

WALTER L. FISHER SUCCEEDS.

Chicago Man Will Take Up the Work at Once—President Says Ballinger Is Victim of Most Unscrupulous Conspiracy History Can Show.

Washington, March 8.—Richard A. Ballinger's resignation as secretary of the interior, dated Jan. 19 last, was accepted by President Taft and Walter L. Fisher of Chicago was appointed as his successor, his commission being signed immediately by the president. Mr. Fisher will take office within a few days.

It appears, in the correspondence between the president and Mr. Ballinger, which was given out by the White House, that the secretary's resignation has been in the president's hands since Jan. 19, that it was held in suspense at the request of Mr. Taft and that the latter accepted it at the urgent request of Mr. Ballinger.

In giving his consent to the secretary's retirement, Mr. Taft takes occasion to declare with emphasis his un

changing faith in the integrity, the motives and the official standard of Mr. Ballinger and his unmeasured indignation of those who assailed him, declaring that he has "been the subject of one of the most unscrupulous conspiracies for the defamation of character that history can show."

The secretary later, in a written statement, explained the intention of returning to Seattle and, after a rest, resuming the practice of law. He says his defense has cost him not less than $25,000 and that he is now a poor man. At the same time he declares it his purpose now to "prosecute the arch-conspirators who have been following me with the assassin's knife."

Walter Lowrie Fisher has been notably active in the movement for the conservation of natural resources and is a vice president of the National Conservation association, of which Gifford Pinchot is president. Officers of that association expressed themselves as more than pleased with the appointment.

ROOSEVELT BEGINS TRIP

Journey Through Country Will Be "Swing Around the Circle."

New York, March 8.—Theodore Roosevelt left here over the Pennsylvania road today and Sagamore Hill will not see him again until April 16.

Atlanta is his first stop and the tour "swings around the circle." The line of travel dips down to New Orleans, stretches across the southwest, follows the Pacific coast northward to Puget sound, wavers into Idaho and Montana, and then reaches straight for home, through Chicago, where the colonel will stop for a few hours on April 15.

The list of engagements occupies twenty-two typewritten pages, but even this does not meet the demands and it seems possible that the colonel frequently will break through his schedule and speak unannounced on the spur of the moment.

OLEO MAKERS SENTENCED

Four Women Confess to Giving Perjured Testimony.

Chicago, March 8.—Four young women and one young man confessed to Judge Landis in the United States district court that they had given perjured testimony in behalf of their employers, Peter K. and K. K. Brimie, who were recently found guilty of oleomargarine moonshining.

Minnie Liss, one of the women, became hysterical in court and was unconscious for two hours. Judge Landis sentenced Peter K. Brimie to serve six years in prison and to pay a fine of $13,000. K. K. Brimie was sentenced to four years' imprisonment and fined $5,000.

AN OLD-TIME PRESCRIPTION

in a modern product. From time immemorial sage and sulphur have been used for the hair and scalp. Almost every one knows of the value of such a combination for darkening the hair and making it grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready to use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company of New York put up an ideal remedy of this kind called Wyeth's Sage and Sulphur Hair Remedy and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Returned from Oklahoma.

Mr. and Mrs. C. Q. Smith returned Saturday night from a month's visit in Oklahoma City with their daughter Mrs. Edward Sturm, and family. They were delighted with Oklahoma City. On their return they stopped in Kansas City for a brief visit with Mr. Smith's brother, J. Woodson Smith, and his sister, Mrs. N. R. Pittman, the wife of Rev. N. R. Pittman, who is one of the editors of The Word and Way, a Baptist publication. Alfred Pittman, the son of Rev. and Mrs. Pittman, is a writer on the Kansas City Star.

MOTHER AND DAUGHTER.

Both Glad to Recommend Parisian Sage, the Guaranteed Hair Grower and Dandruff Cure.

Mrs. J. R. Burgess writes from 514 Plum street, Danville, Va., June 4, 1910, as follows:

"I have used Parisian Sage and find it to be all you claim for it, and cheerfully recommend it to any one who is suffering from any hair, dandruff or scalp trouble."

On the same date Ruth Odille Burgess, the charming little daughter of Mrs. Burgess, wrote:

"I am only a little girl, but I want to tell what Parisian Sage has done for me. I had scalp disease that looked like dandruff, and when it was combed up there would be a bloody water under the dandruff. Mamma tried everything in the way of hair tonics, without results, until she saw the advertisement of Parisian Sage; she got a bottle and it cured me, but kept on using it. Now I have as beautiful a head of hair as any girl."

Men, women and children, in every section of America who are using ordinary commercial hair tonics should give Parisian Sage a trial. It is far ahead of all others that one application will prove its great superiority.

It is guaranteed by the Koch pharmacy to stop falling hair and itching scalp, and to drive out all dandruff in two weeks or money back. It grows hair in abundance and gives to the hair a lustrous and fascinating appearance. Fifty cents a large bottle at the Koch pharmacy and druggists everywhere.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

MISS SMITH RESIGNED

As Teacher to Go to Oklahoma City—The Terms of Three Directors Expire in April.

The monthly meeting of the school board was held Wednesday morning in the office of W. A. Blagg, president of the board.

The allowing of bills for teachers' salaries and other things were ordered, and the monthly report of Superintendent Hawkins was received.

Three directors are to be selected for the school board at the coming school election, to be held Tuesday, April 4. The terms of W. H. Crawford, W. R. Wells and L. C. Cook will expire at that time.

The board this morning ordered the annual levy of six mills for school purposes, over and above the four mills authorized by law. The six mills school levy this year is the same as it has been for the past ten years or so, and will be voted on at the election April 4 by the people.

Miss Stella Smith handed in her resignation as teacher of the A fifth grade of the public school, to take effect Friday. Miss Smith expects to leave Friday evening or Saturday morning for Oklahoma City, Okla., where she has accepted a position in the public schools. A vacancy in the schools, however, has opened a place for her in the fourth or fifth grade, and she will begin work next Monday morning.

Miss Smith's place in the public school will be taken by Miss Myrtle Eckles, daughter of Mr. and Mrs. James Eckles of this city. Miss Eckles has been attending the Normal school the past year.

ONE BIG FOOL.

But He Didn't Live in Maryville Nor Read The Democrat-Forum.

A man in Connecticut gave a doctor, a specialist in catarrh, $50 to cure him of this common yet most obnoxious disease.

The specialist gave him a bottle of medicine and told him to use it.

The fool took the medicine home, took one dose, put it on a shelf and made no further effort to follow instructions.

Three months later, with the medicine still on the shelf, he told a friend that the specialist was a fake; that he had paid him $50 and still had catarrh.

Hyomei (pronounce it High-o-me) won't cure catarrh if you don't breathe it; it will if you breathe it regularly.

Furthermore, you don't need to give a catarrh specialist $50 to cure you of catarrh, for the specialist is yet to be born who can write a better prescription than Hyomei.

The Orear-Henry Drug company and druggists everywhere guarantee Hyomei to cure catarrh or money back. A complete outfit, which consists of a bottle of Hyomei, a hard rubber inhaler and simple instructions for use, costs only $1.00. Separate bottles of Hyomei if afterward needed cost but 50 cents.

PHONE BOY MAKES STAKE

Employee of Keene Makes Profitable Investment in Hocking Pool.

New York, March 8.—W. J. Ronan, a telephone boy in the office of James R. Keene, made $30,000 in Wall street speculations, according to his testimony in the bankruptcy proceedings of Lathrop, Haskins & Co., one of the stock exchange firms caught in the collapse of the Hocking pool.

Creditors are endeavoring to show Mr. Keene was responsible for the failure and that young Ronan, knowing the collapse was imminent, turned his knowledge to good account.

Ronan testified that when the crash came, he had already sold 600 shares of Hocking Coal at figures which prevailed during the upward movement. He had heard of the trouble overnight and wanted to "get out," he said. Mr. Keene knew nothing of his transaction, he said. After the crash he bought back 200 shares of Hocking at 26.

According to Ronan he has a $5,000 account with a trust company and owned 342 shares in different railroad companies.

LAURIER SPEAKS FOR RECIPROCITY

Scouts Idea of Annexation in First Utterance of Debate.

Ottawa, March 8.—The reciprocity agreement was indorsed, loyalty to Great Britain affirmed, annexation scouted; the development of Canada proclaimed and friendship between farmer and manufacturer recommended to Canada in the house of commons by Sir Wilfrid Laurier, prime minister of the Dominion, in the first speech he had delivered in the reciprocity debate. His views against annexation and for good relations were especially emphasized.

It was once the conviction of every American president, he asserted, that Canada should become a part of the United States. Although it was flattering, he said, to American pride that the territory of the republic should extend over the whole continent, he urged that his neighbors should remember that Canadians were born under the same flag as the ancestors of the American people, a flag under which Americans may have suffered oppression, but which to Canada has been and is more than ever the emblem of freedom.

The premier's remarks were received with approving demonstrations. Describing his ideal of the relationship between the United States and Canada, Sir Wilfrid said:

"There perhaps may be a spectacle nobler than that of a united continent—a spectacle which would astound the world by its novelty and grandeur, a spectacle of two peoples living side by side, separated only by an invisible line, with not a gun frowning across it, not a fortress on either side, with no armament, one against the other but living in harmony, in mutual confidence and with no other rivalry than a generous emulation in commerce and the arts of peace.

"To the Canadian people I would say that if it is possible for us to obtain such relations between these two young and growing nations, Canada will have rendered to old England the mother of nations, nay, to the whole British empire, a service unequalled in its present effort and still more in its far-reaching consequences."

New York, March 8.—The eastern railways have decided to withdraw on or before March 15 the freight rate tariffs in conformity with the finding of the interstate commerce commission. This was agreed on at a meeting of eastern railway representatives here.

The withdrawal of the freight rates follows a similar action taken by the western railroads several days ago.
